

This outline of coverage provides a very brief description of the important features of the policy. Please note: this outline is not intended to be part of the insurance contract. Only the actual policy provisions are final and binding. The policy details your rights and obligations, as well as those of PacificSource.

PLEASE READ YOUR POLICY CAREFULLY.

This dental care policy covers the following services when performed by a licensed dentist, dental hygienist or denturist to the extent that they are operating within the scope of their license as required under Montana law, and when determined to be necessary, usual, and customary by the standards of generally accepted dental practice for the prevention or treatment of oral disease or for accidental injury, including masticatory function.

Additional Information

What is the annual deductible?

Your plan's deductible is the amount of money that you pay first, before your plan starts to pay. You'll see that some services are covered by the plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met.

Deductible does not apply to Class I Services.

What is the annual benefit maximum?

The annual benefit maximum is the maximum amount payable by this policy for covered services received each calendar year for enrolled individuals age 19 and older.

What is the out-of-pocket limit?

The out-of-pocket limit is the most you'll pay for approved dental expenses during the plan year and applies to enrolled individuals age 18 and younger on your policy. Once the out-of-pocket limit has been met, the plan will pay 100 percent of covered charges for the rest of that year. Non-essential health benefits, penalties, and balance billed amounts over the usual, customary, and reasonable fee do not accumulate toward the out-of-pocket limit.

What is an exclusion period?

A member must be enrolled under the group dental policy for the period of time stated above before this plan pays benefits. This exclusion period may be reduced or removed for persons insured under this policy on the policy's original effective date if the person was continuously covered under a predecessor policy of the policyholder, or for enrolled individuals age 18 and younger.

Preauthorization

Coverage of certain dental services and surgical procedures requires a benefit determination by PacificSource before the services are performed. This process is called 'preauthorization'. Preauthorization is necessary to determine if certain services and supplies are covered under this plan, and if you meet the plan's eligibility requirements. You'll find the most current preauthorization list on our website, [Pacificsource.com/member/preauthorization.aspx](https://www.pacificsource.com/member/preauthorization.aspx).

The Patient's right to know the costs of dental procedures.

The insured, or the insured's agent, may request an estimate of the member's portion of provider charges for any service or course of treatment that exceeds \$500. PacificSource shall make a good faith effort to provide accurate information based on cost estimates and procedure codes obtained by the insured from the insured's healthcare provider. The estimate may be provided in writing or electronically. It is not a binding contract between PacificSource and the member, and is not a guarantee that the estimated amount will be the charged amount, or that it will include charges for unforeseen conditions. Contact Customer Service to request an estimate.
