Provider Network: **SmartChoice**

Deductible Per Calendar Year	In-network	Out-of-network
Individual/Family	$1,000/$2,000	$5,000/$10,000
Out-of-Pocket Limit Per Calendar Year	**In-network**	**Out-of-network**
Individual/Family	$6,000/$12,000	$7,500/$15,000

Note: In-network deductible and out-of-pocket limit accumulate separately from the out-of-network deductible and out-of-pocket limit. Even though you may have the same benefit for in-network and out-of-network, your actual costs for services provided by an out-of-network provider may exceed this plan's out-of-pocket limit for out-of-network services. In addition, out-of-network providers can bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company, and this amount is not counted toward the out-of-network out-of-pocket limit. Please see allowable fee in the Definitions section of your member handbook.

Accident Benefit

The first $500 of covered expenses within 90 days of an accident is covered up to the maximum benefit available and not subject to the deductible. The date of injury must occur after the member is enrolled in this plan. If date of injury occurred prior to being enrolled on this plan, this benefit will not apply. The balance is covered as shown below.

The member is responsible for any amounts shown above, in addition to the following amounts:

Additional information

What is the deductible?

Your plan's deductible is the amount of money that you pay first, before your plan starts to pay. You'll see that many services, especially preventive care, are covered by the plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met. Deductible expense is applied to the out-of-pocket limit.

Note that there is a separate category for in-network and out-of-network when it comes to meeting your deductible. Only in-network expense applies to the in-network deductible and only out-of-network expense applies to the out-of-network deductible.

What is the out-of-pocket limit?

The out-of-pocket limit is the most you'll pay for covered medical expenses during the plan year. Once the out-of-pocket limit has been met, the plan will pay 100 percent of allowed amounts for covered services for the rest of that year. The individual out-of-pocket limit applies only if you enroll without dependents. If you and one or more dependents enroll, the individual out-of-pocket limit applies for each member only until the family out-of-pocket limit has been met. Be sure to check your member handbook, as there are some charges, such as non-essential health benefits, penalties, and balance billed amounts that do not count toward the out-of-pocket limit.

Note that there is a separate category for in-network and out-of-network when it comes to meeting your out-of-pocket limit. Only in-network expense applies to the in-network out-of-pocket limit. Only out-of-network expense applies to the out-of-network out-of-pocket limit.

Primary care physician or primary care provider (PCP)

You are highly encouraged to select a PCP from the plan's provider directory. The PCP will coordinate healthcare resources to best meet your needs. Referrals are not required.

Payments to providers

Payment to providers is based on the prevailing or contracted PacificSource fee allowance for covered services. In-network providers accept the fee allowance as payment in full. Out-of-network providers are allowed to balance bill any remaining balance that your plan did not cover. Services of out-of-network providers could result in out-of-pocket expense in addition to the percentage indicated.

Preauthorization

Coverage of certain medical services and surgical procedures requires a benefit determination by PacificSource before the services are performed. This process is called preauthorization. Preauthorization is necessary to determine if certain services and supplies are covered under this plan, and if you meet the plan's eligibility requirements. Preauthorization does not change your out-of-pocket expense for in-network and out-of-network providers. You'll find the most current preauthorization list on our website, PacificSource.com/member/preauthorization.

Formulary: Oregon Drug List (ODL)

This PacificSource health plan includes coverage for prescription drugs and certain other pharmaceuticals, subject to the information below. This plan complies with federal healthcare reform. To check which tier your prescription falls under, call our Customer Service team or visit PacificSource.com/drug-list.

The amount you pay for covered prescriptions at in-network and out-of-network pharmacies applies toward your plan's in-network medical out-of-pocket limit, which is shown on the Medical Benefit Summary. The co-payment and/or co-insurance for prescription drugs obtained from an in-network or out-of-network pharmacy are waived during the remainder of the calendar year in which you have satisfied the medical out-of-pocket limit.

PacificSource Expanded (Preventive) No-cost Drug List and Affordable Care Act Standard Preventive No-cost Drug List

MAC B - Unless the prescribing provider requires the use of a brand name drug, the prescription will automatically be filled with a generic drug when available and permissible by state law. If you receive a brand name drug when a generic is available, you will be responsible for the brand name drug's co-payment and/or co-insurance plus the difference in cost between the brand name drug and its generic equivalent. If your prescribing provider requires the use of a brand name drug, the prescription will be filled with the brand name drug and you will be responsible for the brand name drug's co-payment and/or co-insurance. The cost difference between the brand name and generic drug does not apply toward the medical plan's out-of-pocket limit. Does not apply to tobacco cessation and preventive bowel prep kit medications covered under USPSTF guidelines.

If your provider prescribes a brand name contraceptive due to medical necessity it may be subject to preauthorization for coverage at no charge.

See your member handbook for important information about your prescription drug benefit, including which drugs are covered, limitations, and more.

The following shows the vision benefits available under this plan for enrolled members for all covered vision exams, lenses, and frames when performed or prescribed by a licensed ophthalmologist or licensed optometrist. Coverage for pediatric services will end on the last day of the month in which the enrolled member turns 19. If charges for a service or supply are less than the amount allowed, the benefit will be equal to the actual charge. If charges for a service or supply are greater than the amount allowed, the expense above the allowed amount is the member's responsibility and will not apply toward the member's medical plan deductible or out-of-pocket limit.

Important information about your vision benefits

Your PacificSource health plan includes coverage for vision services. To make the most of those benefits, it's important to keep in mind the following:

In-network Providers: PacificSource is able to add value to your vision benefits by contracting with a network of vision providers. Those providers offer vision services at discounted rates, which are passed on to you in your benefits.

Paying for Services: Our provider contracts require in-network providers to bill us directly whenever you receive covered services and supplies. Providers will verify your vision benefits.

In-network providers should not ask you to pay the full cost in advance. They may only collect your share of the expense up front, such as co-payments and amounts over your plan's maximum benefit. If you are asked to pay the entire amount in advance, tell the provider you understand they have a contract with PacificSource and they should bill PacificSource directly.

Sales and Special Promotions (sales and promotions are not considered insurance): Vision retailers often use coupons and promotions to bring in new business, such as free eye exams, two-for-one glasses, or free lenses with purchase of frames. Because in-network providers already discount their services through their contract with PacificSource, your plan's in-network benefits cannot be combined with any other discounts or coupons. You can use your plan's in-network benefits, or you can use your plan's out-of-network benefits to take advantage of a sale or coupon offer.

If you do take advantage of a special offer, the in-network provider may treat you as an uninsured customer and require full payment in advance. You can then send the claim to PacificSource yourself, and we will reimburse you according to your plan's out-of-network provider benefits.
