### Freedom to see any dentist
Our Dental Choice plans give your employees the option to see any dentist they want.

### Give your employees a voluntary dental option
Not looking to offer a dental plan, but want to give your employees a dental option? Voluntary Dental may be just what you need.

With this option, your employees pay the full premium at the time they choose their own dental plan, but they get plan benefits that typically come with a dental plan that you might offer as an employer.

Please note that there are additional guidelines and requirements for voluntary dental plans.
