

Core

In-network care throughout the Northwest

The Core network is designed to work for you—with thousands of highly rated doctors and medical facilities throughout the Northwest—plus in-network urgent and emergency care coast to coast.

Aetna's PPO network includes more than 10,550 in-network urgent care facilities.

- **Core** gives members access to care via a Northwest-based provider network.*
- Beyond Idaho, Montana, Oregon, and Clark and Cowlitz Counties in Washington, members have access to in-network urgent care through our collaboration with **Aetna Signature Administrators**. This is in addition to access to in-network emergency care nationwide.

In Montana, you'll have in-network access to:

- + More than **10,935** doctors and specialists across the state, including primary care, OB/GYN, pediatrics, acupuncture, chiropractic, naturopathy, and many others
- + **94%** of the state's hospitals and **25** local urgent care centers
- + **Local healthcare providers** you know and trust, including:

Provider totals based on network reports as of May 2025.

This is not a complete list of providers, and in-network availability is based on your plan and network. Providers listed were accurate at the time of printing.

*Members traveling to Washington state have in-network access to contracted providers through PacificSource in Cowlitz and Clark Counties, and through Aetna Signature Administrators in all other Washington counties for in-network urgent care only.

Plan highlights:

- + **No referral required for in-network care**
- + **No primary care provider requirements**
- + **Access to in-network providers in Idaho, Oregon, Montana, and Cowlitz and Clark Counties in Washington**
- + **Nationwide access to CVS Caremark® pharmacies**
