Deductible Per Calendar Year	In-network	Out-of-network
Individual/Family	\$2,800/\$5,600	\$5,600/\$11,200
Out-of-Pocket Limit Per Calendar Year	In-network	Out-of-network
Individual/Family	\$6,000/\$12,000	\$10,000/\$20,000

Note: In-network deductible and out-of-pocket limit accumulate separately from the out-of-network deductible and out-of-pocket limit. Even though you may have the same benefit for in-network and out-of-network, your actual costs for services provided by an out-of-network provider may exceed this plan's out-of-pocket limit for out-of-network services. In addition, out-of-network providers can bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company, and this amount is not counted toward the out-of-network out-of-pocket limit. Please see allowable fee in the Definitions section of your member handbook.

Additional information

What is the deductible?

Your plan's deductible is the amount of money that you pay first, before your plan starts to pay. You'll see that many services, especially preventive care, are covered by the plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met. Deductible expense is applied to the out-of-pocket limit.

Note that there is a separate category for in-network and out-of-network when it comes to meeting your deductible. Only in-network expense applies to the in-network deductible and only out-of-network expense applies to the out-of-network deductible.

What is the out-of-pocket limit?

The out-of-pocket limit is the most you'll pay for covered expenses during the plan year. Once the out-of-pocket limit has been met, the plan will pay 100 percent of allowed amounts for covered services for the rest of that year. The individual out-of-pocket limit applies only if you enroll without dependents. If you and one or more dependents enroll, the individual out-of-pocket limit applies for each member only until the family out-of-pocket limit has been met. Be sure to check your member handbook, as there are some charges, such as non-essential health benefits, penalties, and balance billed amounts that do not count toward the out-of-pocket limit.

Note that there is a separate category for in-network and out-of-network when it comes to meeting your out-of-pocket limit. Only in-network expense applies to the in-network out-of-pocket limit Only out-of-network expense applies to the out-of-network out-of-pocket limit.

Primary care physician or primary care provider (PCP)

You are highly encouraged to select a PCP from the plan's provider directory. The PCP will coordinate healthcare resources to best meet your needs. Referrals are not required.

Payments to providers

Payment to providers is based on the prevailing or contracted PacificSource fee allowance for covered services. In-network providers accept the fee allowance as payment in full. Out-of-network providers are allowed to balance bill any remaining balance that your plan did not cover. Services of out-of-network providers could result in out-of-pocket expense in addition to the percentage indicated.

Preauthorization

Coverage of certain medical services and surgical procedures requires a benefit determination by PacificSource before the services are performed. This process is called preauthorization. Preauthorization is necessary to determine if certain services and supplies are covered under this plan, and if you meet the plan's eligibility requirements. Preauthorization does not change your out-of-pocket expense for in-network and out-of-network providers. You'll find the most current preauthorization list on our website, PacificSource.com/member/preauthorization.aspx.
