# Help with **Health Savings Accounts (HSA)**

**When you're ready to decide, you'll see two types of plans available: HSA-qualified and Non-HSA qualified.**

All our health plans include coverage for preventive care, \$0 annual physicals from in-network providers, and most vaccinations.

---

## **Non-HSA**

**Non-HSA plans** allow you to use some benefits for a copay prior to meeting your deductible (such as primary care, urgent care, or pharmacy).

---

## **HSA**

**HSA-qualified plans** help you save for healthcare expenses like deductibles and coinsurance. The plans require that all major benefits be subject to your deductible.

With HSA plans, you'll set up a dedicated bank account, contributions to which are 100% tax deductible (up to a maximum), like an IRA. Another benefit: Withdrawals from your HSA account to pay for qualified medical expenses are tax-free.
