## Who are the Teladoc doctors?

## Does Teladoc replace my doctor?

No. Teladoc does not replace your primary care physician. Teladoc should be used when you need immediate care for non-emergency medical issues. It is an affordable, convenient alternative to urgent care and ER visits.

## What kind of medical care does Teladoc provide?

Teladoc provides general medical care for adults and children, and behavioral healthcare for adults. Examples of common medical conditions Teladoc can address include: sinus problems, pink eye, bronchitis, allergies, flu, ear infections, urinary tract infections, and upper respiratory infections.

## What consult methods are available?

You can talk with a general medical Teladoc doctor via a phone consult, video consult within the secure member portal, or video consult within the Teladoc mobile app. Behavioral health visits are available via video only.

## How do I set up my Teladoc account?

You can set up your account through InTouch at [PacificSource.com](http://PacificSource.com), or through the Teladoc website or mobile app. You can also call Teladoc to get started. Note: If setting up your account online, enter "**PacificSource**" for the name of your employer or insurance carrier.

## How do I request a consult to talk to a doctor?

Visit the Teladoc website, log into your account, and click "Request a Consult." You can also call Teladoc to request a general medical consult by phone. Behavioral health appointments can be scheduled online or through our mobile app.

## How do I request a behavioral health visit?

Behavioral health visits are scheduled and occur via the Teladoc website or mobile app. Log into your account, complete a quick assessment, and choose your therapist. Provide three options of times you are available for an appointment. The therapist will reach out to you to schedule the appointment.

## How quickly can I talk to the doctor?

The median call back time for a general medical request is just 20 minutes. If you miss the doctor's call, whether you are away from the phone or you have an anonymous call blocker on, you will be returned to the bottom of the waiting list. The consult request is canceled if you miss three calls.

## Is there a time limit when talking with a doctor?

There is no time limit for consults.

## Can Teladoc doctors write a prescription?

Yes. Teladoc doctors can prescribe short-term medication for a wide range of conditions when medically appropriate. Teladoc doctors do not prescribe substances controlled by the DEA, nontherapeutic drugs, and/or certain other drugs, which may be harmful because of their potential for abuse.

## How do I pay for a prescription called in by Teladoc?

When you go to your pharmacy of choice to pick up the prescription, you may use your health/prescription insurance card to help pay for the medication. The exact amount you will pay is based on the type of medication and your plan benefits.

## Is the consult fee the same price, regardless of the time?

The exact amount you will be responsible for is based on your specific plan benefits.

## How do I pay for the consult?

You can pay with your HSA (health savings account) card, credit card, prepaid debit card, or by PayPal. Your account will be charged at the time of the visit. Your payment method will be set up when you register for Teladoc, and can be changed anytime.

## If the Teladoc doctor recommends that I see my primary care physician or a specialist, do I still have to pay the Teladoc consult fee?

Yes. Just like any doctor's appointment, you must pay for the consulting doctor's time.
