Enhanced Drug List
for Legacy Plan Employees

Administered by:

PacificSource HEALTH PLANS

This Legacy Enhanced Drug List is a benefit that allows certain drugs to be covered with a $5 copay for those on the Legacy Plan. Most diabetic supplies are covered at 100%. This list is a separate benefit from preventive drugs covered under the Affordable Care Act. A full list of covered drugs is available at PacificSource.com/find-a-drug.

Show your PacificSource ID each time you purchase prescriptions at an in-network pharmacy to ensure you're receiving the best benefit. For questions, please email our Customer Service team at LegacyEHP@PacificSource.com, or call **971-222-1050,** TTY: 711. We accept all relay calls.

*May require prior authorization or step therapy

Prior authorization means we review the drug request to ensure it meets certain criteria. Step therapy means we may ask you to try a different drug first before reviewing the request. Both processes help us deliver safe and effective care.

Note: Drug names that appear in all lowercase letters are generic (non-branded) medications.
