

## Submitting a Claim

Usually, your provider will submit claims for you. If you need to see a provider for a covered service before you receive a Member ID, you can visit **PacificSource.com/Legacy** for information about accessing your ID through InTouch, or printing a copy. Alternatively, you can pay for the services you receive, and then submit a copy of the provider's itemized receipt or statement for reimbursement. It needs to include:

- Your name (enrolled employee), patient's name, and provider name (with tax ID)
- The charges (showing the CPT and diagnosis billing codes)

Please add your employer's name and group number (G0035912). If the treatment was for an accident, please include details.

## Provider Network

Your plan covers eligible services and supplies received from Legacy+ Network facilities and providers. Coverage outside the Legacy+ Network is limited to:

- True emergency and urgent care for nonroutine services (see "Important medical plan terms" in your Employee Benefits Guide)
- Covered services not available within the Legacy+ Network when preapproved by PacificSource
- Diabetic supplies
- Hearing aids

If you or your enrolled dependents receive services from providers or facilities outside the Legacy+ Network, those services will not be covered. This includes lab tests. With this in mind, be sure to review the Legacy+ Network provider list before scheduling healthcare appointments. If lab tests are ordered, you'll need to check with your provider to make sure they are processed at a Legacy lab. See "Summary of Medical Benefits" in your Employee Benefits Guide for more information.

To look up Legacy+ Network providers and facilities, you can use our Provider Directory. Go to [PacificSource.com/Legacy](https://www.pacificsource.com/legacy) and choose "Find a Legacy+ Provider" to enter the directory.

Remember, only nonroutine emergency and urgent care services are covered at any emergency or urgent care clinic. See the current Employee Benefits Guide for more information.
