Here to help

Since our founding in 1933, we’ve learned a lot about keeping members and employers satisfied. Year in and year out, we’ve invested in the relationships and technologies that mean a better experience for all.

Our staff is right here in the Northwest. We answer member calls in less than 30 seconds, on average, according to internal call reports. And we’re committed to doing what it takes to keep clients happy.

PacificSource Health Plans is a not-for-profit community health plan. We do not answer to shareholders, but to members, providers, producers, and employers—the people who depend on our products and services.
Your healthcare coverage, optimized.

A unique, not-for-profit partnership
PacificSource is different: An experienced, local health plan working hand in hand with highly rated local providers to deliver exceptional member experience.

Integrated care that revolves around members
This patient-centered approach is enabled by close collaboration with our provider partners, supported by best-in-class data analytics.

High-value care and lower costs
We strive to compensate providers based on quality of outcomes and overall value—not volume.

Ongoing investment in community health
As a not-for-profit insurer, PacificSource continually invests in our own neighborhoods, through financial aid and access to healthcare for diverse populations and those most in need.

98.6% That’s our employer satisfaction rating, based on surveys conducted Q1 of 2021. The remaining 1.4%? We’re working on it.
Benefits that go beyond what’s required

**Expanded telehealth coverage**
Members can see a doctor without leaving home—including behavioral health visits for adults. Your employees get the care they need, where and when they need it.

**No referrals needed with any plan**
Our plans don’t require members to visit a primary care doctor before seeing a specialist. (Some specialists may have their own referral requirements.)

**Pay-nothing preventive care and preventive drugs**
We’re pleased to offer $0 copays on:
- Well-baby and well-child care
- Annual checkups
- Prenatal consultations
- Preventive mammograms and colonoscopies
- Immunizations
- Dozens of preventive drugs—including 82 more than the law requires

**Human service**
No automated phone trees or offshore call centers.

**Client service that puts you first**
You’ll have a dedicated representative who’s focused on you, your plan details, and helping you control costs.
PacificSource Health Plans covers more than 226,000 members and their families in the Greater Northwest. Our business clients include companies working in a variety of industries. That’s experience we can leverage to help you.
