Decide on Dental

Good dental health can lead to better overall health. You can pair our dental plans with the health plans you offer your employees, or select dental-only.

Choose a Dental PPO plan

With a Dental PPO plan, employees have access to a robust network of more than 4,700 care access points in Washington. It’s important that members see Dental PPO participating providers. Doing so maximizes benefits.

You can find dentists who accept the Dental PPO plan at PacificSource.com.

Give your employees a voluntary dental option

Not looking to offer a dental plan, but want to give your employees a dental option? Voluntary dental may be just what you need.

With this option, your employees pay the full premium as if they were buying their own dental plan, but they get plan benefits that typically come with a dental plan that you might offer as an employer.
