2022 Dental Plans for Washington Small Groups | 1–50
Decide on Dental

Good dental health can lead to better overall health. You can pair our dental plans with the health plans you offer your employees, or select dental-only.

Choose a Dental PPO plan

With a Dental PPO plan, members have access to a robust network of more than 4,700 care access points in Washington. It’s important that members see Dental PPO participating providers. Doing so maximizes their benefits.

Find dentists who accept the Dental PPO plan at PacificSource.com.

Our dental plans are available for purchase by businesses located in all Washington counties.

Give your employees a voluntary dental option

Not looking to offer a dental plan, but want to give your employees a dental option? Voluntary Dental may be just what you need.

With this option, your employees pay the full premium as if they were buying their own dental plan, but they get plan benefits that typically come with a dental plan you might offer as an employer.

Please note that there are additional guidelines and requirements for voluntary dental plans.

A downloadable brochure about voluntary dental options is available at PacificSource.com.
