

This dental care policy covers the following services when performed by a licensed dentist, dental hygienist or denturist to the extent that they are operating within the scope of their license as required under law in the state of issuance, and when determined to be necessary, usual, and customary by the standards of generally accepted dental practice for the prevention or treatment of oral disease or for accidental injury, including masticatory function (chewing of food).

In-network dentists contract with PacificSource to furnish dental services and supplies for a set fee. That fee is called the contracted allowable fee. In-network providers agree not to collect more than the contracted allowable fee. When you use an in-network provider, you will pay only the in-network provider amounts below. If you choose not to use an in-network provider, or don't have access to one, reimbursement is based on the contracted allowable fee. If charges exceed the allowable fee, the excess charges are your responsibility.

**This plan covers dental services for enrolled individuals age 18 and younger, as required under the Affordable Care Act. Coverage for pediatric services will end on the last day of the month in which the enrolled individual turns 19.**

Deductible Per Calendar Year	In-network	Out-of-network
<b>Individual/Family</b>	None/None	\$50 / \$150
Benefit Maximum Per Calendar Year		
\$1,500 per person for enrolled individuals age 19 and older. Applies to all covered services.		
Out-of-Pocket Limit Per Calendar Year		
\$350 per person / \$700 for two or more people for enrolled individuals age 18 and younger.		
Note: Out-of-network charges do not count towards your out-of-pocket limit. Even though you may have the same benefit for in-network and out-of-network providers, your actual costs for services provided by an out-of-network provider may exceed this policy's out-of-pocket limit for out-of-network services. In addition, out-of-network providers can bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company, and that amount is not counted towards the out-of-pocket limit. Please see allowable fee in the definitions section of your policy.

# Additional information

## What is the deductible?

Your plan's deductible is the amount of money that you pay first, before your plan starts to pay. You'll see that some services are covered by the plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met.

Deductible expense applies only to out-of-network providers. Deductible does not apply to Class I Services.

## What is the benefit maximum?

The benefit maximum is the maximum amount payable by this policy for covered services received each calendar year for enrolled individuals age 19 years and older.

## What is the out-of-pocket limit?

The out-of-pocket limit is the most you'll pay for approved dental expenses during the calendar year and applies to enrolled individuals age 18 and younger on your policy. Once the out-of-pocket limit has been met, the plan will pay 100 percent of allowed amounts for covered services the rest of that year. Non-essential health benefits, penalties, and balance billed amounts over the allowable fee do not accumulate toward the out-of-pocket limit.

Only in-network provider expense applies to the out-of-pocket limit. Services provided by out-of-network providers do not accumulate toward the out-of-pocket limit.

## What is an exclusion period?

A member must be enrolled under the dental policy for the period of time stated above before this plan pays benefits. This exclusion period does not apply to persons insured under this policy on the policy's original effective date if the person was continuously covered under a predecessor policy of the policyholder, or for enrolled individuals age 18 and younger.

## Predetermination

Coverage of certain dental services and surgical procedures are by review. When a planned dental service exceeds \$300, PacificSource recommends a predetermination to determine if certain services and supplies are covered under this plan, and if you meet the plan's eligibility requirements. Predeterminations are not a guarantee of payment and do not change your out-of-pocket expense.
