

This dental care plan covers the following services when performed by a licensed dentist, dental hygienist, or denturist to the extent that they are operating within the scope of their license as required under law in the state of issuance, and when determined to be necessary, usual, and customary by the standards of generally accepted dental practice for the prevention or treatment of oral disease or for accidental injury, including masticatory function (chewing of food).

In-network dentists contract with PacificSource to furnish dental services and supplies for a set fee. That fee is called the contracted allowable fee. In-network providers agree not to collect more than the contracted allowable fee.

When you use an in-network provider, you will pay only the in-network provider amounts below. If you choose not to use an in-network provider, or don't have access to one, reimbursement is based on the contracted allowable fee. If charges exceed the allowable fee, the excess charges are your responsibility.

**This plan covers dental services for enrolled individuals age 18 and younger, as required under the Affordable Care Act. Coverage for pediatric services will end on the last day of the month in which the enrolled individual turns 19.**

# Additional information

## What is the deductible?

Your plan's deductible is the amount of money that you pay first, before your plan starts to pay. You'll see that some services are covered by the plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met.

Deductible expense applies only to out-of-network providers. Deductible does not apply to Class I Services.

## What is the out-of-pocket limit?

The out-of-pocket limit is the most you'll pay for approved dental expenses during the calendar year and applies to enrolled individuals age 18 and younger on your plan. Once the out-of-pocket limit has been met, the plan will pay 100 percent of allowed amounts for covered services for the rest of that year. Non-essential health benefits, penalties, and balance billed amounts over the allowable fee do not accumulate toward the out-of-pocket limit.

Only in-network expense applies to the out-of-pocket limit. Services provided by out-of-network providers do not accumulate toward the out-of-pocket limit.

## What is an exclusion period?

A member must be enrolled under the dental plan for the period of time stated above before this plan pays benefits. This exclusion period does not apply to persons insured under this plan on the plan's original effective date if the person was continuously covered under a predecessor plan of the employer, or for enrolled individuals age 18 and younger.

## Predetermination

Coverage of certain dental services and surgical procedures are by review. When a planned dental service exceeds \$300, PacificSource recommends a predetermination to determine if certain services and supplies are covered under this plan, and if you meet the plan's eligibility requirements. Predeterminations are not a guarantee of payment, and do not change your out-of-pocket expense.
