

3 Important Care Documents

While it isn't fun to think about death or a time when we can't make our own decisions, it's important.

Here are 3 documents to help you plan so that you and your loved ones are prepared and taken care of:

1. **Durable Power of Attorney:** Protect your property if you're unable to handle financial matters.
2. **Advanced Medical Directive:** If you can't make medical decisions for yourself, this allows someone else to do so for you.
3. **Do Not Resuscitate (DNR):** This is an order for medical personnel to not perform CPR if your heart or breathing stops.
